**Real Water** - Vooraf was die kinders altyd rusteloos, geirriteerd en bakleierig. Hul konsentrasie en koördinasie het ook met rasse skrede verbeter. Hulle was altyd haastig en impulsief. Nou is hulle minder honger en dors! Hul werk het ongelooflik verbeter asook hul konsentrasie en koördinasie. Ek kan regtig met groot vrymoedigheid hierdie puik water produk aanbeveel met selvertroue. Ek gebruik dit elke dag in my klas met welslae en sien dit in die gelukkige en gesonde kindertjies (Die verskil is in die water). U kan my gerus skakel.

**Chris Mellamphy [chris.Mellamphy@plessey.co.za](mailto:chris.Mellamphy@plessey.co.za) 22/09/2014:**

**Hydration Boost** - Thanks for a great product. Have been using the water with great results. (+ - 3 years now). I am a long distance runner, and the water has helped with my endurance tremendously, giving me improved performance without using energy Gels. The water hydrate for runners I highly recommend, it has helped with my training and I have improved my race time. On long distance training runs I carry the normal Real water solution, nothing else, and I can feel the "charge" I get when I drink while running, now a 32 – 40 km training run is a breeze, just to suck on the water after about each 3 to 4 kilometers, and I can feel the difference. I even run the Comrades using the water, and Hydrate solutions, as a result I do not cramp from lack of salt, and am able to endure better on the longer distances. My whole family uses the water, and we can see the improvement.

**Cate Rapudi (082 082 456 2584) 26/09/2014:**

**Real Water** - I would like to write this short note regarding the enormous value your Real Water has brought into our lives and the lives of all our clients, Family and associates.

It has truly been a revelation to us all who have been drinking your water and supplying it further. We were aware of the tragic situation of the water here in RSA as too in the rest of the world. So when you presented your remedy to this challenge we hoped it would prove to be a solution to this desperate situation.

Your water process and its achievement in providing healthy nutritional drinking water has been a revelation to us all. With no exception, our family and all those we have exposed to Real Water have returned with unconditional high acclaim to the benefits and improvements in life as a result of drinking and applying your water into their lives.

This includes the other products you have introduced and made available to us, all of which have improved health and life to all who have employed them.

My brother in law Paul Georgitsis of Lusaka Zambia was impressed enough to invest in a Real Water plant which he installed and is operating in Lusaka, All who have engaged with this water in his market now also benefit from the improved health and vitality which it has brought to their lives.

Our congratulations to you Karl and Real Water for making this vital component in our lives available.

With all our gratitude and best wishes we look forward to many more people enjoying the benefits your endeavors have made available.

**Rob McCoy (+258 848 947 555) [Rob.Mccoy@aelms.com](mailto:Rob.Mccoy@aelms.com) 22/08/2014:**

**Alkaline Herbal Tonic** - I received results and so far the bone density test show an increase in bone density! Secondly they are now talking about rather grinding the knees and hip smooth in place of replacement joints which I am thrilled with.

On the other side I have given away 5 bottles to family and friends and all feel the difference for various ailments so hopefully orders will come your way! The one thing I am so pleased about is that there is a fellow here suffering from colon cancer like me and I spoke with his girlfriend who has bought him Intervene and he informed me that he has shown such an improvement that the doctors are stymied by the positive results and are asking him what he is doing!

So I am an ambassador for you and promote your product wherever I go and have given out your cell and email address as well the website.

Once again I will take this product for a long time time still and thank you, Brendan and Carel for getting me onto it as it came just in time so from being given 6 weeks in February to live I am looking at the beard getting greyer and longer and eating more bugs as ride the highways here on earth on my Harley! :)

**Lynda 22/08/2014:**

**Real Water** - In 2011 is ek gediagnoseer met 'n outo-imsuunsiekte. My velt die aakligste kolle begin maak; kompletee asof ek oral blou kolle het.

Soos die velspesialis aan my verduidelik het, het 'n mens se vel drie lae, waarvan my boonste (buitenste) laag heeltemal normaal is. Die laag tweede van bo is 'n heel ander storie: as gevolg van die siekte vervaardig dit ekstra vel wat dan moet "opbondel" om in te pas, wat die verdonkering tot gevolg het. Die velspesialis het my verseker dat dit as gevolg is van 'n virus wat ek lankal opgedoen het en in 2011 vererger is deur medikasie wat deur die dokter aan my voorgeskryf is vir iets heel onverwant.

Ons het in 2013 begin om Real Water te gebruik en ek het binne slegs twee maande 'n duidelik waarneembare verskil gesien in die donker kolle. Ons teorie is dat die alkaliniteit van die water my liggaam

in so 'n mate versterk het dat die outo-imuunsiekte gestuit is. Dié wat ons nie ken nie, vra nou aan my of ek sonbrand opgedoen het – voorheen het ek vrae gekry soos: “Slaan jou man jou dat jy só lyk?” Die kolle is nie net ligter nie, dit lyk asof daar heelwat begin weggaan!  
Dankie, Real Water, vir beter voel EN lyk!

**Denese Palm (082 892 3572) 12/08/2014:**

**Real Water** - I have had incredible feedback from the people that I have introduced the Agua e Vida water and products to. As mentioned previously the response from the cyclists and runners who competed whilst using the Hydration Boost water was remarkable in that they never experienced cramping or extreme exhaustion. What a great result!!

I have recently introduced two teenagers to the water and the vitamin food and both have reported better sleeping patterns, less exhaustion and better concentration. Interesting that both these teenagers hardly consumed any water on a daily basis and now I supply them with 144 bottles a month. They have even taken it to the point of ordering the minerals to take on holiday with them overseas. Another person who has had positive results since starting with the water is a friend who suffers from diabetes. Initially I introduced the water, alkaline tonic and Vita min food to a staff member who suffers from diabetes and whose sugar levels we were struggling to get below 10.

She is now registering readings of between 6 and 7. The most remarkable result however is an older lady friend who has suffered from Glaucoma for many years. The pressure in her eyes had reached a point where the eye specialist was ready to operate. On the second test, 5 weeks into her taking the Water, Vitamin food and Alkaline tonic, the pressure in both eyes had come down 5 points and the operation has been put on hold. As you know your water and products have changed my life and it has been an experience introducing the products to so many other people with such remarkable effects.

I hope that soon you are able to open an outlet closer to the Fourways area, making the whole range of products and water accessible to many more people. In fact it is no longer a hope I think it is a must!! Everyone deserves the opportunity to access these amazing products. Thank you for again and again

**Sue Krahtz (082 818 1133) 12/08/2014:**

**Franci Girdlestone (084 724 2507) [gmarkfg@gmail.com](mailto:gmarkfg@gmail.com) 12/08/2014:**

**Real Water** - I sincerely wish to express my complete confidence in your Real Water and your special range of products. It is a fact that I was recommended to urgently visit your shop as I was suffering from bone infection in the upper jaw.

Prolonged use of strong antibiotics left me ill and uncured. Soon after using Real Water exclusively and dosing with Alkaline Herbal Tonic and specific mouth wash, the discomfort lessened and eventually went away. I am now free of the anxiety of facial surgery. In addition, a type of skin cancer that has troubled me

for years, having formed an ulcer on my lower leg, has almost disappeared, thanks to your excellent products.

Please be advised that although I was born in 1945, I can now enjoy cycling for 2-4 hours a week and compete in yacht racing at Pretoria Sailing Club. Thank you Agua e vida, I feel great!

**Real Water - BAKGAT**

Beste Karel

Net 'n nota om julle te bedank vir die GROOT verskil wat julle water in ons lewe gemaak het!

Ons as gesin het 'n rukkie gelede begin om uitsluitlik Real Water te gebruik vir drink- en kookdoeleindes. My man moes onlangs bloedtoetse ondergaan vir oorsese werk en die dokter het my ontbied om die resultaat van die toetse te bespreek. Hy het my baie bekommerd gehad toe hy noem dat my man se nierfunksie-toets glad nie normaal was nie – en toe verduidelik hy dat my vier-en-veertig-jarige man se niere funksioneer soos 'n veertienjarige s'n! Voorheen was sy

nierfunksie normaal vir sy ouderdom, en ons is oortuig dat dit die **skoon water wat ons by julle koop** is wat die verskil maak.

Onlangs het 'n vriendin se dogter diaree ontwikkel en vir 'n paar dae probeer regkom op haar eie. Toe ek haar uiteindelik na amper 'n week se diaree by die dokter kry, was die dokter totaal oorbluf om te hoor hoe lank die kind al siek is en dat sy glad nie ontwater het nie – maar sy het julle **Hydration Boost and Energy** heeltyd gedrink terwyl sy niks anders kon inhou nie. Volgens die dokter het dit waarskynlik gekeer dat sy in die hospitaal opgeeindig het op 'n drup.

Ek weet dat daar mense is wat glo munisipale kraanwater is goed genoeg – maar nie vir ons gesin nie! Vandat ons goeie water by julle kry sien die dokters ons nie meer nie.

Baie dankie vir julle uitstekende produkte – as daar iemand is wat met my oor julle water wil praat, kan hulle my gerus bel op 082 784 0596.

Groete

Lynda Wentzel
